Goals and Objectives. Identify the PHA's quantifiable goals and objectives that will enable the PHA to serve the needs of low-income, very low-income, and extremely low-income families for the next five years.

PCHA is considering the following U.S. Department of Housing and Urban Development (HUD) repositioning programs as it assesses the Authority's affordable housing assets. PCHA is evaluating which of these programs are best suited to preserve and stabilize affordable housing in Provo over the long term and which programs would best serve the needs of the residents PCHA serves.

1. Small PHA Section 18/RAD blend conversion
2. Section 18 Demolition and/or Disposition
3. Section 32 Homeownership

Small Section 18/RAD Blend, Section 18 Demolition/Disposition and Section 32 Homeownership

In 2026, PCHA plans to convert all of the Authority's 248 public housing units through a variety of HUD programs possibly including: Small PHA Section 18/RAD Blend, Section 18 Demolition/Disposition and/or Section 32 Homeownership. As encouraged by HUD, PCHA is conducting an asset repositioning analysis and continues to refine the Authority's approach to repositioning to ensure the Authority is best serving the residents and the community. PCHA is coordinating and obtaining resident input throughout the planning and implementation of the conversion. PCHA has determined that converting to PBVs and RAD PBVs, disposing of certain scattered site units for fair market value and assessing the possibility of making public housing units available for affordable homeownership, will leverage public and private partnerships and funding that will preserve and stabilize affordable housing in Provo over the long term.

Small PHA Section 18/RAD Blend In 2026, PCHA may convert up to 240 public housing units through the Small PHA Section 18/RAD Blend, as presented below this includes Valley Villa (78 units) and Mt. View (30 units), as well as 140 scattered site units. PCHA is coordinating and obtaining resident input throughout the asset repositioning analysis and will continue to meet with residents throughout the Section 18/RAD blend conversion process.

Below is a summary of the public housing sites planned for conversion.

B.3 Progress Report.

Provide a description of the PHA's progress in meeting its Mission and Goals described in the PHA 5-Year Plan.

GOAL #1: Educate staff and board on the repositioning of Public Housing through a RAD conversion.

Early in 2025, the PCHA (Public/Private Housing Authority) made the strategic decision to proceed with a Rental Assistance Demonstration (RAD) conversion for its portfolio of 248 public housing units. To advance this effort, PCHA issued a Request for Proposals (RFP) and subsequently entered into a development agreement with a selected partner in 2025. Prior to formal engagement with the developer, PCHA prepared a preliminary disposition plan to guide the RAD conversion process and align with HUD requirements.

GOAL #2: Continue to improve services through increased technology and on line services:

PCHA continues to work with Emphasys Software to expand and improve online services, with the goal of streamlining processes and enhancing the customer experience. Recently, PCHA reviewed potential online payment systems. Currently, the rent payment process still requires staff involvement to process payments internally. Transitioning to a more automated on line payment system remains a priority to increase efficiency and convenience for both staff and residents. In April 2025, PCHA successfully implemented the NSPIRE inspection guidelines. Inspections are now conducted using tablets, allowing for efficient data entry and seamless upload of inspection results.

GOAL #3 Move the organization to "paperless" through the process of document imaging.

PCHA has taken the first step toward Document Imaging by implementing comprehensive file organization guidelines. This process is expected to take one year to complete, as the guidelines are being reviewed during the tenant annual review process.

While we continue to encourage landlords receiving HAP funds to follow these guidelines, PCHA has not yet made this a formal requirement.
